

Environmental and Life Science Colloquium Application Information

October 2021

Okayama University Graduate School of Environmental and Life Science call for the presentations and papers from the partner universities of Vietnam and Indonesia for “Environmental and Life Science Colloquium 2021”

Presentation Theme

“Food and Environment” Research Based on Sustainable Development Goals (SDGs) in ASEAN Countries

Purpose

The purpose of this presentation is to provide opportunities for students who are studying in Environmental and Life Science area.

For students to share the knowledge and their current research to solve “Food and Environment” based on Sustainable Development Goals (SDGs) in ASEAN Countries. Students from Japan, Vietnam, and Indonesia will be able to deepen their understanding of their researches, differences in the perception of SDGs of each country and recognize the importance of a global perspective by presenting their research results. Ultimately, this will lead to the development of human resources who can play an active role internationally in the field of environmental and life sciences.

Colloquium Date

Tuesday, January 25th, 2022

Target Applicants

Master's program students who major in environmental and agricultural sciences of listed Universities which are partner universities of the Graduate School of Environmental and Life Sciences.

Vietnam (Hue University, Nong Lam University (HCMC), Can Tho University, An Giang University)

Indonesia (University of Indonesia, IPB University, Andalas University)

which are partner universities of the Graduate School of Environmental and Life Science.

Presenter: Total of 15 people including students from Okayama University

The selection committee will select 15 presenters based on the submitted abstract and consider the willingness to submission of proceeding to JESSS.
