*Submit abstracts by 22 October 2018
<<http://communications.elsevier.com/r/?id=h60ea5f7a,404622cb,406e8607>>*

Join us for the *3rd Agriculture and Climate Change Conference
<<http://communications.elsevier.com/r/?id=h60ea5f7a,404622cb,406e8608>>* to
be held 24-26 March 2019 in Budapest, Hungary.

This conference will focus on the likely impact of climate change on crop production and explore approaches to maintain and increase crop productivity into the future.

Topics:

- Modelling climate change and its application to agriculture
- Climate change and increased agricultural uncertainty
- Abiotic stress
- Effects of CO₂ on plant growth
- Food security in developing countries
- Impacts of climate change on nutrition, quality and resource use efficiency
- Improving the efficiency of the food chain

- Plant-microbe interactions and climate change
- Reducing the impact of agriculture on climate change
- Innovative breeding practices
- New crops for a new climate

Call for abstracts – submit abstracts by 22 October 2018

Abstracts for oral and poster presentations are invited on the conference topics and should be submitted using the online submission system.

Submit your abstract here

<http://communications.elsevier.com/r/?id=h60ea5f7a,404622cb,406e8609>

Details of the conference topics are outlined here

<http://communications.elsevier.com/r/?id=h60ea5f7a,404622cb,406e860a>.

We welcome your participation and look forward to receiving your abstracts.

Conference Chairs

David Edwards, *University of Western Australia, Australia* (Chair)

Rodomiro Ortiz, *Swedish University of Agricultural Sciences, Sweden* (Co-Chair)

Zsuzsanna Kolbert, *University of Szeged, Hungary* (Local Co-chair)
